Additional instructions for mailing your package

- After creating this return request, **allow 30 minutes before proceeding to schedule the pickup**. Please note that **you need to schedule a pickup with DHL Express** so the carrier knows to pick up the package.
- Please remove or cover any previous tracking labels or hazardous materials markings on your box, ensuring the package is in good condition. The shipment must NOT contain any dangerous goods.
- Print one of the labels and securely attach it to the package before pickup. Keep the second label for your reference.
- Place the Return Authorization Slip inside your package.
- Please do not seal your package. The courier will need to inspect it before accepting it.
